Our Evening Schools.—The evening schools of this city, introduced recently as an experiment, are becoming more popular and more successful every year. The population of Wheeling is composed mostly of mechanics, whose children as a general thing are put to work as soon as they are large enough to earn a small pittance to go toward the family expenses. To this class of children the evening schools have been a means of obtaining knowledge which would otherwise have been denied them. That these schools are appreciated by the children is very evident. We are informed by Prof. Hervey, Superintendent of the Wheeling Schools, to whom we are indebted for interesting statistics—that there are no drones or idlers among the pupils of the Superintendent states that the pupils are very studious and orderly, and show much progress in the different branches of learning taught.

EYE EXTRACTED.—Some months ago Conrad Yahn, who resides on the corner of Woods and 17th streets, East Wheeling while gunning had an eye severely hurt by a piece of a cap which flew into it. The eye was extremely painful, and find-ing that it would never be of any further use to him, he had it extracted on Thursday evening. The operation was successfully performed by Dr. Hardesty.

BAD Boys.—Principal Snowden, of the Fourth Ward school, yesterday complained before Justice Launder that eartain boys in the neighborhood of the school building were in the habit of anhoying the pupils by throwing snow balls and stones at them. The Justice persuaded the Principal to talk to the boys' parents before resorting to extreme measures.

THE First Ward makes up quite a nobby little society town all by itself. There is always something going on up there among the young folks. It is almost as bad as the independent Eighth, but not so serious. They only contemplate matrimony, while the latter make short work of it. They're awful "spoony," though.

THE travelers over the suspension bridge would give a shower of blessings to the man who is ingenious enough to invent some method by which that structure could be made more comfortable this kind of weather.

ANOTHER TOBACCO TAKER.—Officer St.-Myers yesterday arrested Johnny Rust, who is charged with being one of the three boys who stole a lot of tabacco from a Baltimore & Ohio railroad car a few nights since. THE regular monthly meeting of the City Council will be held on Tuesday

THE DISCIPLES CONCERT,-The Con cert at the Disciples' Church was one of the best and most enjoyable things of the cert at the Disciples' Church was one of the best and most enjoyable things of the kind that we have had the pleasure of listening to for some time. The excellent programme was opened by the choir of the church. The gems of the evening were probably an Ave Maria, sang by Mrs. Whitney; a violin solo, by Mr. Ebeling; "My Heart Ever Faithful," a vocal solo by Mrs. Whitaker; Mr. Bassett's organ solo, and Mrs. Eoff's "Consider the Lilies."

The solos by Miss Sweeney and Miss Wheat on the piano and Mrs. Ebeling on the organ, and the duet "Quis est Homo?" by Mrs. Caldwell and Mrs. Whitaker, were also well rendered and received. Miss Wheat, although apparently suffering from a severe cold, saugh er "With Verdure Clad" beautifully.

By special request Mrs. Whitney sang "Three Fishers," after which the large audience quietly dispersed, no doubt wishing the programme had been longer.

OLD WREELING AND LOUISVILLE PACKET LINE.—In 1854 the following boats composed the Wheeling and Louisville Packet Line. They were all first-class boats and did a large business. They were large and very costly boats; besides, there was a first-class line of daily packets running to Pittsburgh, composed principally of the fastest and finest boats on the river.

CONVENTION OF IRISH SOCIETIES. - FO some time past there have existed in this country a number of distinct Irish organizations, having no connection whatever with each other. PITTSBURGH PROTESTS.-The Pittsburgh City Council has adopted a resolution protesting against the proposed change or modification of existing legislation in regard to the improvement of the Ohio. This protest originated from an effort which is being made to prevent the construction of a lock and dam at Pittsburgh and have it constructed at Wheeling.

SLEIGH-RIDING.—Every sleigh in the city was brought into use last night. It was impossible to engage one at a livery stable. The sleighing was good cast of Fullon, we are informed, and many happy couples took advantage of the fact. A party at Mrs. Beagle's, out the pike, took many couples in that direction. Altogether, it was a night to be enjoyed.

POPULAR PREPARATIONS.—There are quite a number of preparations put up by one of the leading Drug houses of our city that have become very popular, and are growing more so daily, and justly so too, for they are pronounced by the many who use them to be matchless for the purpose for which they are recommended. We refer to those put up by the McLain Brothers, foremost among which are their Baking Powder, Pectoral Syrup, Vegetable Catharitic Pills, Worm Candy and Good Intent Liniment, all of which are much sought after in all the Eastern cities and as far West as California.
